EARLY YEARS TRAINING AND TOOLBOX

# What?

**Minmoov is a programme of physical development and play-based training and an evidence-informed toolbox that provides pathways, ideas and tools for anyone who work with children from 3 to 7 years old, and with SEND.**

# Who?

## SEND Educators

Anyone who works with children with Special Educational Needs and/or Disabilities will find this programme useful.

## Early Years Educators

This can include anyone who works with children from the age of 3 to 7, such as teachers, teaching assistants, and nursery nurses.

## Trainee Teachers

Minmoov can support SCITT schools to provide robust training and support in the area of Physical Development.

## PE Teachers

Our training and tools can provide PE Teachers with the knowledge, skills and tools to provide effective physical development opportunities.

# How?

Just as young children learn holistically, Minmoov looks at a holistic programme of training, tools, ideas and support for those who work in early years and SEND settings.

\* each section can be accessed independently of the others.

01

## Training

We have now trained over 2000 teachers and other practitioners in England and Internationally.

Our courses underpin high-quality physical development and play-based learning and development.

They can be accessed through in-person training day/2 days, online or blended.

02

## Pathways

The pathways combine short training modules, information and a flexible programme of ideas to follow, allowing teachers to implement a quality programme with confidence.

There are two pathways that can be followed:

1. Physical Development
2. Play-based Learning and Development

03

## Ideas and Tools

High-quality downloadable activities, videos and music to allow teachers to fully implement knowledge gained through training and the pathways.

# Minmoov Aims

**To provide anyone who works with early years children, and those with SEND, with the knowledge and tools to allow them to implement and deliver a high-quality programme of physical development and play-based learning and development opportunities.**

We aim to do this by providing:

- knowledge and tools to enhance teacher's confidence to implement and respond to young children's individual needs.
- tools and ideas for teachers, developed in partnership with teachers.
- flexible pathways for less experienced and time poor teachers to follow.
- focus on high quality learning experiences for teachers and, in turn, for the children.
- ongoing support and mentoring.

# Testimonials

“Minmoov is a breath of fresh air when it comes to the Early Years! Schools are often asked to adapt, differentiate or plan additional steps into PE curriculums that work for Years 1 – 6 but don’t take into account what Early Years does best with play-based practice and physical development. Minmoov has helped us really hone those skills, to ensure children have the strength and dexterity for movement and learning for their physical development and support them in PE in future year groups. As a Resource Base, we are able to take the ideas which are already SEND-friendly and match them to the skills of the children in our care. Tania has been so supportive through our journey with this and we are constantly discovering new knowledge and information through this toolbox. Thank you!”

**CNRB Manager - Wansdyke School at Acorn  
Education Trust**

"Thank you so much for the second training course; I first attended your training a while ago and have had 3 OFSTED 'outstandings' based on activities."

**Foundation Stage Leader -  
Maple Grove Primary**

# Testimonials

“Very informative, opened my eyes to how easy it is to include Physical Development across the curriculum.”

**Teacher -  
Millbrook Infant School**

“Tania has delivered both online and face-to-face training sessions for our trainee teachers who are on an age 3-7 course. Tania is inspiring and delivers engaging sessions tailored to their needs. She provides the support and resources for them to confidently take her training into their placement schools and beyond. Tania has exceptional knowledge in how to support the development of young children and creative ways to bring this into Early Years settings. Our trainee teachers have been inspired and gain the confidence and understanding to enable them to effectively deliver activities. The course and online training modules are well structured and our trainee teachers have always thoroughly enjoyed Tania's training sessions, often talking about them for years to come. “

**ITT 3-7 Lead Mentor  
Bedgrove Infant School**

# Testimonials

“The training was very active and inspirational. Tania has given us the tools and strategies to plan fun and engaging opportunities with the curriculum in mind. She ensured coverage of the key elements of young children's development -with a cross curricular emphasis. Would recommend to anyone.”

**ITT Lead and Head of Early  
Years - Bedgrove Infant School**

“Thank you for your continuous guidance and support. Initially, I doubted my ability to succeed since it had been quite some time since I last attended a course. However, your motivation and guidance enabled me to thoroughly enjoy each phase. This experience has reignited my enthusiasm and inspired me to revisit and revamp the learning areas in my school. I am truly grateful.”

**Teacher - Bay View School,  
Pakistan**

# We are Winners!

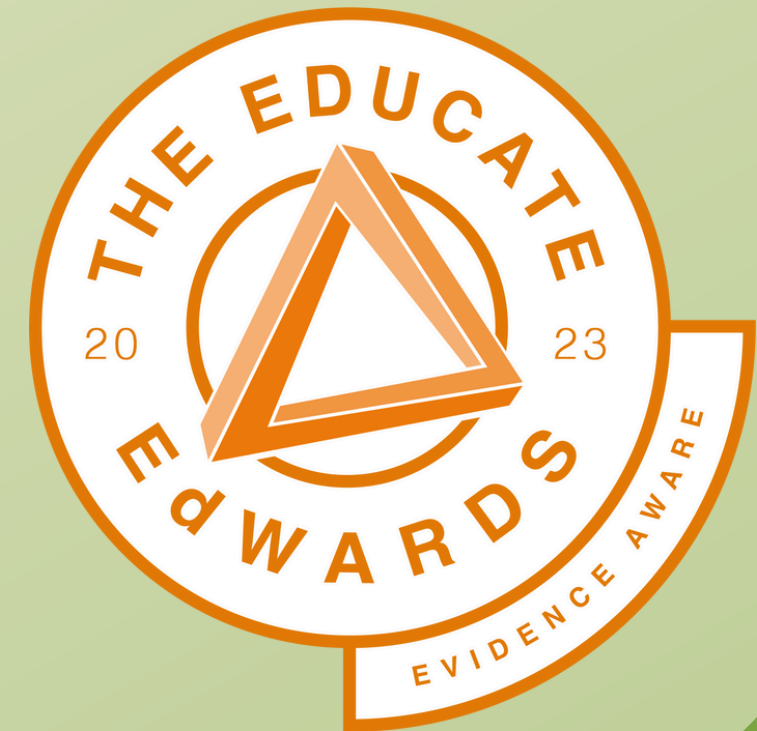

The Minmoov toolbox won a Teach Early Years Award.

The logo for the Teach Early Years Awards 2021. It features the text "teach" in a large, white, lowercase font, followed by "EARLY YEARS" in a smaller, white, uppercase font, and "AWARDS" in a larger, white, uppercase font. Below this, the year "2021" is written in a white, uppercase font. At the bottom, there are five yellow stars. The entire logo is set against an orange background with a yellow border.

## Educate

Minmoov completed the EDUCATE Accelerator Programme, ensuring that the toolbox is based on high-quality research and evidence available internationally.

# Founder and Director

## Education Consultant

Tania has consulted for EdTech companies, such as Amaven, was part of the team who developed the early years curriculum for Cambridge International Education, and continues to consult on their physical and online resources.

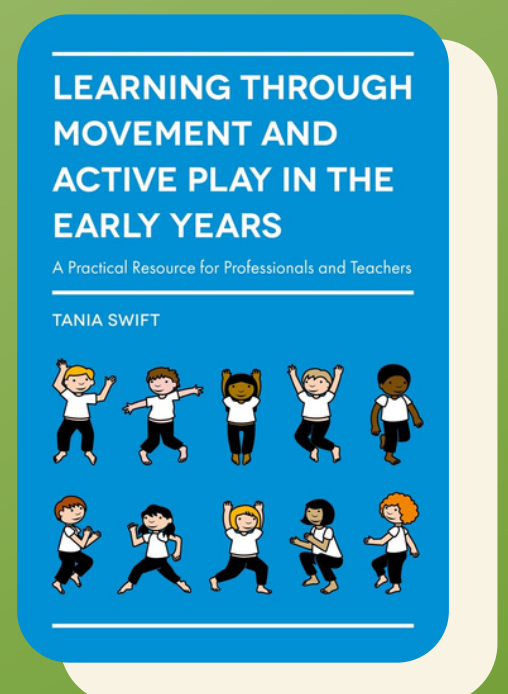

**Tania Swift**

## Trainer

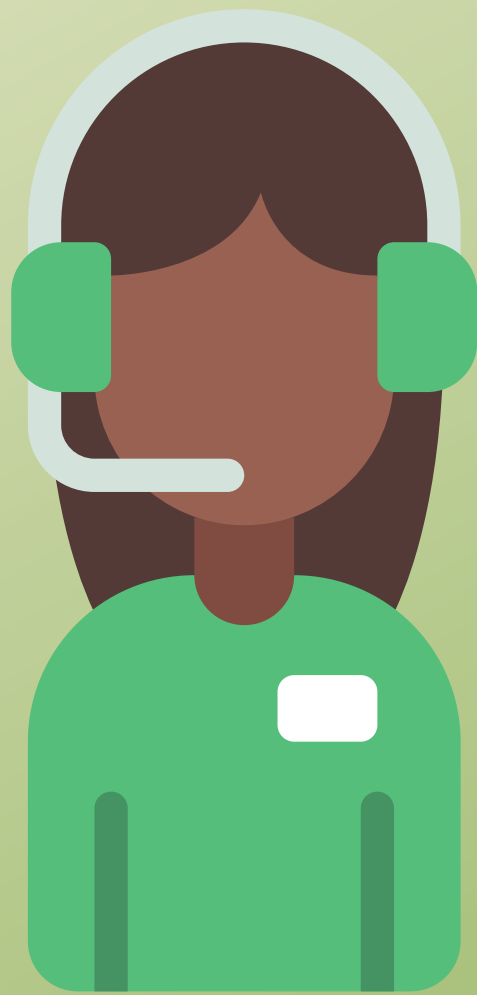

Tania has developed and delivered many physical and online courses and resources to support early years practitioners, teachers and parents.

## Author

JKP published Tania's book- 'Learning through Movement and Active Play in the Early Years', a handbook for those who work with children from 3-years to 7-years.
